Good afternoon, I have been monitoring the event with communication with the EOC. Here is the recent chatter that is occurring. Also, the previous email threat included a screenshot of an image from a facebook account by [REDACTED]. That account has been identified as belonging to [REDACTED], [REDACTED]. A full workup was completed on the subject and was passed on.

This statue will never be removed! And get your facts straight, there was not a deputy in that car. This statue is monitored another way. Go ahead and try to take it down, you will see all of the fine Rednecks come out of the woods then.

They are there in their military get ups and gear - camouflage for downtown Graham - but do you think they're going to really blast away into a crowd of peaceful protesters?

I think they would find themselves quite perplexed what to do.

So maybe in panic or fear and inexperience maybe some of them would fire into an unarmed crowd. That's what keeps people at bay - the fear of armed police murdering unarmed protesters.

This pic makes me wonder what are the numbers of peace loving citizens required to peacefully overwhelm a couple dozen police?

What are they going to do, shoot into an unarmed crowd that's peacefully approaching a statue?

Even say you don't approach the statue, beyond a point, but just fill the court square with so many people that nobody can get in or out of there and just sit and wait. Have a sit in.

"What they're doing is trying to make
feeling" she said. "Today's movement is one
of our greatest presidents ever... It takes
my breath away that something so
beautiful and so magnificent as that
movement, and Christine McMane, the mayor's
wife, denies it exists!"
"This is not about race anymore, it never
really was. This is about taking apart the
fabric of America!" she continued. "This is
all about the future of America. They want
us to read their narrative, listen to all
speeches so long as we say what they want
us to say. Any kind of freedom at all is all
about their narrative, the radical left's
narrative."
"We can't allow that anymore," she added.
"This is America. We stand with all races,
all colors, all creeds. People came to this
country to seek those freedoms, and now,
from the inside out, they want to take them
away. It's not gonna work. We won't allow
it."
